## Eco-Fresh<sup>™</sup> Hang Tags

*Environmentally friendly\* cleaning and deodorizing products*

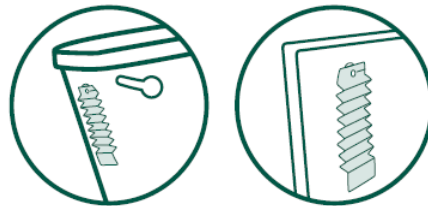

- **Freshens the air** – 100% more fragrance than typical air fresheners. Keeps anywhere smelling cleaner, longer.
- **Versatile** – hang it from a variety of objects like a stall doorstop, toilet handle, etc. For greater placement options, use the suction cups. Also works well in standard fan cabinets.
- **Environmentally Friendly** – as compared to most gel or metered aerosol air fresheners, Eco-Fresh<sup>™</sup> Hang Tags are:

1. Much easier to recycle – one material versus many, no cleaning or separating needed and no harmful chemicals to dispose of.
2. Manufactured with 50% less energy than typical plastic gel containers and even less versus steel containers. The final package requires very little cube thus saving resources.
